

General Information about Reviews

About ERO

ERO is an independent, external evaluation agency that undertakes reviews of schools and early childhood services throughout New Zealand.

About ERO Reviews

ERO follows a set of standard procedures to conduct reviews. The purpose of each review is to:

- improve educational achievement in schools; and
- provide information to parents, communities and the government.

Reviews are intended to focus on student achievement and build on each school's self review.

Review Focus

ERO's framework for reviewing and reporting integrates the following:

- **school curriculum;**
- **national evaluation topics** –contribute to the development of education policies and their effective implementation; and
- **Board Assurance Statement,** including student and staff health and safety.

ERO's review is responsive to the school's context. When ERO reviews a school, it takes into account the characteristics of the community from which it draws its students, its aspirations for its young people, and other relevant local factors.

ERO also builds on the school's own self-review information. ERO is interested in how a school monitors the progress of its students and aspects of school life and culture, and how it uses this information to improve student learning.

This helps ERO to answer the major evaluation question for reviews:

How effectively does this school's curriculum promote student learning - engagement, progress and achievement?

Areas for Development and Review

ERO reports include areas for development and review to support on-going improvement by identifying priorities. Often the school will have identified these matters through its own self review and already plans further development in those areas.

Review Coverage

This report provides an evaluation of how effectively the school's curriculum promotes student learning - engagement, progress and achievement. ERO's evaluation takes account of the school's previous reporting history and is based on:

- what is known about student achievement information, including the achievement of Māori and Pacific students;
- decisions made to improve student achievement using assessment and self review information; and
- teaching strategies and programmes implemented to give effect to the school's curriculum.

ERO also gathers information during the review to contribute to its national reports. The national reports are published on ERO's website.

If you would like a copy of the full report, please contact the school or see the ERO website, www.ero.govt.nz.
