Introduces the Flip Mino and Flip MinoHD Camcorders

Select IT is proud to be associated with schools as specialist IT consultants and strategists. We are passionate about both technology and education and our strong belief is that through the efficient and effective deployment of technology, we can greatly assist with delivering quality education to the current generation of students.

We have secured the opportunity to offer the new Flip camcorders at a discount to normal RRP for a strictly limited time. This offer is restricted to schools and affiliates including teachers, students and their families ONLY. These camcorders are currently normally available at RRP at select retailers only.
