

Murrays Bay
INTERMEDIATE

Are you interested in being elected to the Murrays Bay Intermediate School Board of Trustees?

The Boards of Trustees provide strategic leadership and direction to our Kura. The board works in partnership with the community, principal, teachers, support staff, and the government to ensure the best possible outcomes for all students.

The board sets the direction for the school in its charter and policy framework and monitors progress towards achieving expectations (governance). The principal is delegated responsibility for how the school will achieve the board's expectations, working within the law and the board's policy framework (management).

What is their main role?

The board has four main aspects:

- Looking forward – designing the future
- Looking back – being accountable for the school's performance
- Looking out – acting on behalf of the board's stakeholders
- Looking in – being a good employer

Our current board comprises of:

- Melinda Bennett (Principal)
- Sarah Bridge (Chairperson)
- Janene Levett (Staff Trustee)
- Paul Gillies
- Richard Green
- Nina Stevenson
- Hamish McIntosh
- Dr Simon Martin
